Blend More

## Beyond Smoothies

Blendtec has taken blending above and beyond traditional smoothies. Add hundreds of premium recipes to your menu with the aggressively engineered Twister Jar, specially designed spatula, and the most powerful blender in the world.

# Premium Blends, Premium Products

Blendtec's Twister Jar has been designed to tackle the toughest and most unique blends ever. This jar was developed to blend recipes such as fresh almond butter, hummus, guacamole, super-thick shakes, dressings, sauces, smoothies as small as 6 oz, and many more premium items in just seconds.

## Put a Lid on it

Simply twist the patent-pending Twister Lid to push thick products from the jar walls back in to the blending vortex; this makes it the most aggressive blender jar we've ever offered. For example, it reduces the time to make a nut butter from minutes to just seconds.
