

## BD8™

Blender + product dispenser

## Just add ice.

The Blendtec BD8 combines water and up to eight different products through pumps that can handle anything from thick purees to alcohol. On-board electronics allow you to easily program recipes of up to 64 different menu items. Employees simply add ice to the jar, select the desired program and the BD8 does the rest.

# The perfect answer for high-volume drink perfection.

A powerful 15 amp motor quickly turns your ingredients into a consistently delicious treat. The foolproof operation of the Blendtec BD8™ means your employees can repeatedly deliver drinks with a perfect product mix each and every time.

## Standard Features

### POWER

- Powerful 15-amp direct-drive blender motor
- 1800 Watts

### CONTROLS

- Easy-to-use cycle selection and one-touch operation
- USB port for easy programming changes and recipe updates
- Precise blended products with liquid or juice concentrate
- Blue LCD display

### QUIET
